

SUSPENDED® Luggage Rack System

for mini/midi buses; Mercedes Benz Sprinter, Volkswagen Crafter, Iveco Daily, Renault Master, Peugeot Boxer, Citroen Jumper and Fiat Ducato.

It is specially designed as a widely configurable system with a great advantage of very short assembly time (approx 1 h) and less weight. (max 40kg in a Sprinter Extra Long Chassis)

Features;

- Curtain profile above side windows.
- Patented hinge profile system for fast and easy assembly.
- LED light channel and LED back lighted brackets. (optional)
- Different types of fabric or imitation leather upholstery. (optional)
- Soft thermoplastic headers & moquette upholstered luggage area.

Patented Hinge Profile System for Fast and Easy Assembly
